

INDICATIONS :

- Chronic renal failure (CRF)
- Reduction of calcium oxalate urolith recurrence in cats with impaired renal function
- Hepatic encephalopathy
- Reduction of recurrence of urolithiasis requiring urine alkalinisation: urate and cystine uroliths

CONTRAINDICATIONS:

- Pregnancy, lactation, growth

FEEDING DURATION:

- Provides dietary support in chronic renal failure and should be fed for the cat's lifetime. Regular veterinary checks are advised.

• Phosphorus retention leads to the development of secondary hyperparathyroidism and progression of the renal failure. Limiting dietary phosphorus intake is an essential part of nutritional support.

• Increased uraemia may induce the formation of gastric and intestinal mucosal ulcers. The combination of zeolite and FOS helps protect the mucosa.

• A high fish oil content (source of EPA & DHA) helps to maintain glomerular filtration rate (GFR) and protect against glomerulosclerosis.

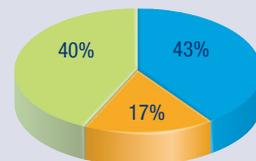

• The synergistic antioxidant complex (vitamin E, vitamin C, taurine, lutein) neutralises free radicals, helps maintain the health of DNA and cells and supports health of the immune system.

FURTHER INFORMATION:

Cats with difficulty chewing may prefer the softer texture of Renal with chicken in alutray. Offering a variety of textures and flavours can encourage increased intake in cats where there is difficulty maintaining weight.

Cats preference in wet diets

- Chunks in Gravy
- Loaf
- No preference

Potassium:	1.2%	0.8%
Vitamin D:	141IU	169IU

*According to ATWATER's equation.

Synergistic antioxidant complex:

Vitamin E:	72mg	62mg
Vitamin C:	22mg	24mg
Taurine:	720mg	600mg
Lutein:	0.4mg	0.6mg

INGREDIENTS:

Chicken Chicken meat, chicken liver, pork liver, maize flour, sunflower oil, powdered egg white, fish oil, pork meat, cellulose fibre, minerals (including zeolite), taurine, DL-methionine, Fucto-Oligo-Saccharides (FOS), carrageenan, marigold extract (rich in lutein), hydrolysed yeast (source of Mannan-Oligo-Saccharides), trace elements (including chelated trace elements), vitamins.

Alutray with Chicken Pork and chicken meats, maize flour, fish, fish oil, cellulose fibre, minerals (including zeolite), carrageenan, calcium carbonate, taurine, sunflower oil, DL-methionine, Fructo-Oligo-Saccharides (FOS), trace elements (including chelated trace elements), marigold extract (rich in lutein), vitamins.

Pouch with Chicken: 100g

Alutray with Chicken: 100g
